RED QUEEN CABBAGE

Type	A small to medium headed red hybrid cabbage variety for the fresh and pre-pack market.
Maturity	80-90 days (summer). 110-120 days (winter).
Plant Characteristics	RED QUEEN has a small to medium sized head with a deep purple-red colour with an upright frame.
Head Characteristics	RED QUEEN produces firm round heads. Heads are uniform and internal quality of the head is excellent.
Disease Resistance	RED QUEEN has good general disease resistance.
Features and Benefits	This variety shows good adaptability for year round production in certain areas and is suited for harvest as a medium or baby red cabbage.
Fertilization Guidelines	This is a general guide, grower conditions vary and a soil analysis is highly recommended. N - 150 to 200kg/ha. 70 to 90 kg/ha incorporated preplant. Top dress the balance as follows: Summer: 7,14 and 28 days after transplanting (no later). Winter: 14,28 and 45 days from transplant (no later). P - 50 kg/ha incorporated preplant. K - 120 kg/ha incorporate preplant. Soil pH - 6 - 6,8.
